How do I interpret and respond to the results of ELA IABs and ICAs? How can I be sure that my classroom-based assessments match the rigor of Smarter Balanced ELA assessments? How can I use the formative assessment process to help students take charge of their own learning?

This session will draw upon the California Department of Education Assessment Conference and be tailored to meet the specific needs of ELA classroom teachers. The workshop will be activity-based and focused on helping teachers understand the implications of the ELA SBAC and CA Interim Assessments for classroom practice, including use of the Tools for Teachers - formerly the Digital Library.

**SBAC Workshop For ELA Teachers**

**Grades 3-12**

**Date & Time**
- August 5, 2020
